

Council has put some rules in place to make sure that dogs can be responsibly exercised on the beaches of the Eurobodalla Coast. Most areas are available on a "time-share" basis between those with dogs and those who would rather be on the beach without dogs. There are some very popular swimming beaches where dogs are prohibited.

Time-share Arrangements

Restricted access is available on some beaches (time share) and adjacent reserves. Some areas are specifically prohibited (check signage). Time-share access for leashed and off leash areas is available between **5pm and 9am 1 November to 30 April** and **24 Hour Access 1 May to 31 October (off season)**

In off leash areas dogs must be effectively controlled and supervised at all times. Dog faeces must be removed immediately.
